

FROM FOREIGN LANDS.

Two million acres in New South Wales have been reclaimed by irrigation.

Oil and coal are successfully burned together under boilers in England.

A beautiful garden has been cultivated on the roof of the West London police court by the housekeeper, Edward Swift.

India exports in 1910 fiscal year (March 31) amounted to \$630,000,000, and her imports to \$520,000,000, a total overseas trade of \$1,150,000,000, an increase of \$148,000,000 over 1909.

Denmark is trying out a new pontoon bridge, in which the pontoons are anchored beneath the surface of the water, the bridge remaining motionless irrespective of the rise and fall of the tide.

Belgrave chapel, adjoining Belgrave square, which is almost the last of the proprietary churches in London, is to be demolished, the Duke of Westminster refusing to renew the lease which has now expired. Its correct title is St. George church, and at one time it enjoyed a crowded and fashionable congregation, among whom were numbered the late Duchess of Teck, mother of the queen, and Princess Louise, Duchess of Argyll.

Hakodate, island of Hokkaido, 15,000 square miles, with a population of 90,000, is one of the five principal open ports of Japan. Another prosperous port is Otaru, with 80,000 population. The island abounds in coal and timber, large quantities of coal being exported. Hokkaido is regarded as one of the greatest fishery markets of the world. The soil is exceedingly fertile and the greater part of it is still virgin soil. By reason of the island's abundant resources and its shipping and railway facilities, Hokkaido is called "the warehouse of Japan."

To receive congratulations on his birthday from the British Rex and Emperor Louis President Taft a lap ahead of any of his predecessors.—Boston Transcript.

**Lived Them All Down.**

Secretary Wilson has the only unfailing recipe for killing the resignation-rumor bug.—Washington Post.

**Why Not Get Rid of Catarrh?**

Here are some symptoms of catarrh: If you have any of them, get rid of them while there is yet time:

- Is your throat raw?
- Do you sneeze often?
- Is your breath foul?
- Are your eyes watery?
- Do you take cold easily?
- Is your nose stopped up?
- Do you have to spit often?
- Do crusting form in your nose?
- Are you losing your sense of smell?
- Do you blow your nose a great deal?
- Does your mouth taste bad morning and night?
- Do you have to clear your throat on rising, or have a discharge from the nose?
- Does mucus drop in back of throat?
- Have you ringing noises in the ears?

**HYOMEL** (pronounce it High-o-mel) is guaranteed to cure catarrh, coughs, colds, sore throat, bronchitis, asthma and croup, or money back. Just breathe it in. Complete outfit, including hard rubber inhaler, \$1.00. Drug-facts everywhere and The Lee & Osmond Co. sell HYOMEL. If you already own an inhaler, you can buy an extra bottle of HYOMEL for only 50 cents. Remember that.

**NOTICE**

On account of the holiday our store will be closed Tuesday and Wednesday. Open again at 4 p. m. Wednesday, Oct. 5, 1910.

**SCHWARTZ BROS.**

**EXTRA TIME**

It pays to put in extra time if you are valuable to your employer. The **Norwich Business College** prepares young men and women to become indispensable in the business world.

Correct business methods, together with type-writing, shorthand and all commercial usages, are thoroughly taught by our competent instructors.

Principal

**Your Eyes Require Attention**

You should not neglect even the slightest indication of failing vision. If your eyes are watery, if they ache, smart or water, if you have pain in the eyeball, orbit, temples, or forehead, there are all indications of failing vision and reasons why you should consult an optometrist. Think of the sorrow that would follow the loss of sight—then why neglect these indications?

Consult our Registered Optometrist at once, who has had many years of valuable experience and invariably gives satisfaction.

Have him thoroughly and scientifically examine your eyes. If glasses will not correct the imperfection, he will tell you so.

Our Prices—quality, workmanship and efficiency considered—are the lowest in the State.

## THREE GENERATIONS OF MINISTERS

Conducted Service Sunday Morning at First Baptist Church—Dr. Spalding of Boston, Rev. J. P. Brown, New London and Rev. W. T. Thayer, Pastor.

Services of unusual interest at the First Baptist church were enjoyed by large congregations Sunday. Rev. W. T. Thayer conducted the services. In the morning both Rev. J. P. Brown of New London and Rev. C. H. Spalding, D.D., of Boston, were present and took part in the services. As printed in Saturday's Bulletin, Dr. Spalding was converted and united with the Mosaic Baptist church during Rev. Mr. Brown's pastorate there. At the services yesterday morning Mr. Brown offered prayer and just previous to the sermon spoke impressively of his acquaintance with the church, its pastors and other workers. No less than twenty times he had preached in that pulpit, but a score of years had passed since he had delivered a sermon here. He spoke of his pleasure in participating in the service with Dr. Spalding, with whom he has such a unique and intimate relationship.

Dr. Spalding is secretary for New England of the American Baptist Publication society, but he made no definite appeal for that organization. Rather he made a strong appeal for interest in the world-wide mission of the church as he reviewed the rapid strides toward the Christianizing of the world. His theme was Rapid Responses to New Visions, based upon the declaration of John the Baptist in John 1:29, "Behold the Lamb of God, who taketh away the sins of the world." As new visions of service and of conquest came to the apostles they quickly responded. Thus the church grew. It is the same in every age. It is so today. "The life of my pastor, Mr. Brown," the speaker said, "almost spans the years of missionary effort, but how rapidly response has been made to the gospel invitation until now we anticipate the evangelization of the world in this generation."

And thus, being accomplished by the power of personal initiative, Brainard inspired Carey to give his life to missions. It was the preaching and life of Mr. Brown that gave of his life its direction, said the speaker. And America, with her Christian ideals, with her consecrated thousands, must be the initiative in a large degree of evangelizing the world. The entire service of the morning was impressive and helpful. The strong, inspiring sermon, coupled with the sight of three generations of ministers conducting the service, made it one long to be remembered.

In the evening Dr. Spalding preached on the theme, The Mother and the Son, from the text as found in John 15:5.

## RALLY SUNDAY AT CENTRAL BAPTIST CHURCH.

Over 300 Were in Attendance—H. F. Church Perfect for Ten Years.

Rally day at the Central Baptist Bible school was observed on Sunday with special exercises at the school hour, from 12 to 1 o'clock, at which the attendance numbered over 300. In the morning church service Bible school work had also been the topic, presented in short talks by C. H. Hobson of the Greenville Congregational Sunday school, B. P. Bishop of the Broadway Congregational Sunday school, and by the pastor, Rev. P. C. Wright.

At the regular Bible school session the church quartette led the singing. Supt. Shepard B. Palmer gave the school its keyword for the year, Cooperation, in a short opening address, and was followed by Allyn L. Brown, a teacher of the intermediate department, and Colonel Charles W. Gale, a teacher in the senior department. A song, "We Thank Thee, O God," was rendered by the primary department, after which there were brief remarks by Miss Mildred Smith and by Horace F. Church, who has the school record for perfect attendance, ten years.

Six members of the cradle roll, taught by Mrs. P. C. Wright, were graduated into the kindergarten and received with welcoming words by Miss Katharine Moore, the kindergarten teacher. Rev. Mr. Wright spoke briefly and enthusiastically upon keeping up the attendance through the year, and Secretary Frank L. Admold presented his report for the day, which was 18 teachers present, 38 visitors, 253 pupils, total 309.

James P. Miner, who was 79 years old on Sunday, was introduced for brief remarks, and after the singing of a hymn the school closed with the usual Bible verse benediction.

The Young People's meeting in the evening was also a rally service, and was well attended.

## DEPUTY SULLIVAN HERE.

Visited White Cross Council, K. of C.—J. M. Lee Elected Secretary.

White Cross council, No. 13, Knights of Columbus, initiated three at its regular meeting on Sunday afternoon in Forester's hall, at which Grand Knight Patrick E. Brennan presided and District Deputy M. J. Sullivan of New London was a visitor. John M. Lee was elected recording secretary to succeed James R. Fenton, who recently resigned because of press of other business.

The district deputy spoke interestingly, and Rev. William A. Keefe was also heard in an earnest address. The council voted to attend a meeting of Seaside council of New London on next Sunday evening, at which Rev. Father Keefe is to be a speaker.

## NORWICH-HARTFORD TROLLEY.

Three Miles of New Roadbed Completed in Hilltown.

About three miles of roadbed so far has been completed in Hilltown for the Norwich, Colchester and Hartford trolley line. Work on two concrete culverts on that section of road has also been pushed rapidly. The first section of road to be put in operation, between Hartford and East Glastonbury, will probably be completed by next spring.

**Awarded Sewing Machine.**

Edith M. Abell of 129 Asylum street was the fortunate person to be awarded the "P. & M." sewing machine, which was offered by the Porteous & Mitchell Co. as a premium at the recent fair of the New London agricultural society. The winner was picked by Miss Agnes L. Mousch, 44 Washington street, who was asked to officiate.

## YANTIC HAPPENINGS.

New York Rector at Grace Church—Surprise for Teacher.

Rev. Dr. Woolham of New York officiated at Grace Episcopal church, delivering a strikingly effective sermon at both the morning and evening services.

**A Pleasurable Surprise.**

Miss Anna Parks, junior teacher in the local school, was most agreeably surprised at her residence on Thursday afternoon by the children of both the senior and junior departments. Games of all kinds were played on the lawn, after which a nicely prepared menu was served. The success of the affair is due to the efforts of Bessie Smith and Miss Oorloff.

**Conductors and Motormen Change.**

The local trolley line had quite a shakeup during the past week, when some of the favorites went on to other lines. Following are the ones who have left to go on new runs: Mr. Dawson goes on the Willimantic and New London line. Mr. Riordan on the Greenville line. Mr. Flynn on the West Side and Greenville line. Mr. Crapau on the Central Village line. Mr. Edwards has not taken a steady run, but instead will act as spare man. The present corps on the local line is as follows: George Leonard, motorman, 12; William Lewis, conductor, 12; Irving Larkin, motorman, 9; Charles Herskell, conductor, 8; James Rutherford, motorman, 11; George Raymond, conductor, 11; Harry Rutledge, motorman, 10; William Shaw, conductor, 10. Of the old times to remain are George Leonard, Charles Herskell and George Raymond.

Recent tests have shown that coal in bulk or as dust is not a good conductor of electricity, while coal dust, mixed into a paste with water is.

**YOU CAN INTEREST HIM**  
Any Man Over Fifty.

You can interest any man over fifty years of age in anything that will make him feel better, because while he may not as yet have any positive organic disease he no longer feels the buoyancy and vigor of twenty-five nor the freedom from aches and pains he enjoyed in earlier years, and he very naturally examines with interest any proposition looking to the improvement and preservation of his health.

He will notice among other things that the stomach of fifty is a very different one from the stomach he possessed at twenty-five. That greatest care must be exercised as to what is eaten and how much of it, and even with the best of care there will be increasing digestive weakness with advancing years.

A proposition to perfect or improve the digestion and assimilation of food is one which interests not only every man of fifty, but every man, woman and child of any age, because the whole secret of good health, good blood, strong nerves, is to have a stomach which will promptly and thoroughly digest wholesome food, because blood, nerves, brain tissue and every other constituent of the body is entirely the product of digestion, and no medicine or "health" food can possibly create pure blood or restore shaky nerves when a weak stomach is replenishing the daily wear and tear of the body from a mass of fermenting half-digested food.

No, the stomach itself wants help and in no round about way, either; it wants direct, unmistakable assistance, such as is given by one or two Stuart's Dyspepsia Tablets after each meal.

These tablets cure stomach trouble because their use gives the stomach a chance to rest and recuperate; one of Stuart's Dyspepsia Tablets contains digestive elements sufficient to digest 3,000 grains of ordinary food, such as bread, meat, eggs, etc.

The plan of dieting is simply another name for starvation, and the use of prepared foods and fancy dined breakfasts simply makes matters worse, as any dyspeptic who has tried them knows.

As Dr. Bennett says, the only reason I can imagine why Stuart's Dyspepsia Tablets are not universally used by everybody who is troubled in any way with poor digestion is because a medicine is advertised or is sold in drug stores or is protected by a trade mark must be a humbug, whereas as a matter of truth, any druggist who is observant knows that Stuart's Dyspepsia Tablets have cured more people of indigestion, heartburn, heart trouble, nervous prostration and run down condition generally than all the patent medicines and doctors' prescriptions for stomach trouble combined.

## BOARDS OF ASSESSORS AND RELIEF TO HOLD MEETINGS.

Those of This County to Confer With State Tax Commissioner at New London.

Tax Commissioner W. H. Corbin has arranged for meetings of assessors and boards of relief in different parts of the state this month, the same as last year. The meeting for this county will be at New London.

As heretofore, the meetings are held to give an opportunity for the discussion of the tax laws and the best methods of their execution, to give free expression to any views relating thereto, and to get better acquainted with the work and each other. The members of the boards of relief are included in such invitation this year, in accordance with their own desire, as well as that of many assessors.

While the attendance upon these meetings is in no way obligatory, judging from the past, they will be found to be helpful to all who are able to attend. The meetings will be held at different times, so that it may be possible for the officials to attend at one place or another, as best suits their convenience.

Mr. Corbin states that he will be very glad, therefore, to have all the assessors and members of the boards of relief throughout the state meet him at one of the following designated places: Oct. 11, Middletown, municipal building, 2 p. m.; Oct. 12, Rockville, superior court room, 1:30 p. m.; Oct. 13, Watertown, city hall, 1:30 p. m.; Oct. 18, Putnam, city council chamber, 1 p. m.; Oct. 20, New London, county building, 1:30 p. m.; Oct. 21, Bridgeport, city hall, council chamber, 1:30 p. m.

## TAFTVILLE

Romeo Dupuis to Take Three Months' Trip Through the West—Pinochle Club Has Enjoyable Evening—Notes of Passing Interest.

Following the successful field meet given under the auspices of the Taftville Pinochle club, on the Providence street grounds, Saturday afternoon, the members of the club assembled at Henry O. Harris' place, near the Taft station, and after a long on a business matters sat down to an appetizing lunch, which was served in Harris' usual fine style, and enjoyed an evening's good time.

The field day committee and the committee that had charge of the dance given recently both reported favorably. On both of these occasions a fair sum was realized after all expenses had been defrayed. It was decided to hold a special meeting of the club next Saturday night for the purpose of talking over plans for ladies' night, which will take place the latter part of October or the first part of November, and a committee on arrangements will be named at this time. There were 22 present, and the meeting was in charge of President Frank LaFleur.

The following was the menu that was served by Chef Harris:

- Oyster Soup
- Crackers
- Pickles
- Relishes
- Cold Ham
- Cold Roast Beef
- Corned Beef
- Hot German Pots
- Chicken Salad
- Coffee

At a late hour the party broke up, but before they went to their several homes a serenade was given to Mr. and Mrs. Charles Bolduc, who returned just a short time ago from their wedding trip. Mr. Bolduc is a member of the Pinochle club.

## Number from Here Attended Game in Baltimore.

A large number of people from this place took advantage of the splendid weather on Sunday and went to Baltimore to witness the Baltimore-Willimantic baseball game.

## Will Start for California Tomorrow.

Romeo Dupuis of Taftville Station has completed all arrangements for a three months' trip through the west and northwest and will leave here tomorrow (Tuesday) morning. He expects to spend considerable of this time visiting in California and at Redding, Cal., plans to meet his sister, Mrs. Joseph LeFebvre, whom he has never seen. The return trip will be made through Canada.

Mr. Dupuis is taking this trip partly for pleasure, but mainly because he hopes to find a desirable site in California where he can locate. If he is successful in this quest he will settle up his business affairs upon his return and go back again as soon as possible.

## Party at St. Louis' Hall.

At St. Louis' hall Saturday night a merry party and dance was enjoyed by 42 couples from about the village. Music was furnished by a local orchestra, and late in the evening refreshments were served.

## Personal Notes.

R. C. Dion of Merchants avenue has returned from a brief visit in Worcester.

Miss Louise Lambert of No. 11 North B street expects to be in Taftville on Sunday in Plainfield.

Mr. and Mrs. Arthur Newton of Norwich expect to spend the day Sunday with friends in Plainfield.

Miss Annie A. Bradshaw of Brook street, who was taken ill a few days ago while working at the velvet mill, is now convalescent.

**New England Offers Work.**

Immigrants to New England are largely composed of Italians. Nothing but cheap land explains this; why should land be cheap where population is most congested?—Florida Times Union.
